In response to Rev. Mathews' inquiry, Mr. LaGrange stated that St. Mary Parish has always had a contract for mosquito control. A grant opportunity was offered in the amount of \$250,000.00 to acquire all necessary equipment needed for mosquito services in the unincorporated areas of St. Mary Parish. The grant requirement is that the grant must be accepted and vehicles and equipment purchased by June 30, 2018. The \$2.00 mosquito fee collected over the last five (5) years averaged approximately \$185,000 annually. The current contract with Cajun Mosquito Control, LLC is \$250,000.00. Therefore, \$65,000.00 per year has been subsidized from the General Fund. The proposed operating budget for the in-house program is approximately \$170,000.00.

Mr. LaGrange explained that St. Mary Parish's Public Works Director is 8-D Certified, qualified and experienced in Mosquito Control and was trained by Matt Yates. The Cooperative Endeavor Agreement requires that the Parish employ an 8-D Certified person.

Mr. Hanagriff expounded on the requirements of the grant, training of new part time employees, the savings of an in-house mosquito control and the proposed in-house Mosquito Control Budget, which is based on actual data.

In response to several Councilmen's inquiry, Mr. LaGrange explained that if the Council feels that there is a need not to subsidize, the current ordinance could be amended to increase the fee. Mr. LaGrange then stated that over the years, the Council members have asked the administration to consider implementing an in-house mosquito control program.

Mr. Hanagriff explained that the grant program is a Federal Grant that goes to the State. It is a one-time allocation of \$250,000.00 that cannot be used toward a current vendor. The current budget is based upon revenues that are collected. Mr. Hanagriff also informed that the current liability insurance covers the potential operation and the Parish is not required to purchase additional liability insurance.

Jessie Boudreaux, owner of Cajun Mosquito Control, LLC, stated they work under an in-house program contract and a Request for Proposal (RFP). Mr. Boudreaux offered an opportunity to meet to discuss options with the current budget.

In response to Mr. Singleton's inquiry, Mr. Boudreaux stated that money can be saved by prioritizing, monitoring traps and possible donation of sentinel chickens.

After a lengthy discussion, Mr. Rogers called for the question.

Mr. Fryou moved that the Resolution approving and ratifying an application for grant funding and committing the funding and operation of an in-house Mosquito Abatement Program for a minimum of five (5) years and authorizing David Hanagriff, the President of St. Mary Parish to execute a Cooperative Endeavor Agreement relative to this grant be adopted. Mr. Singleton seconded the motion, which failed by the following 3-6-0-2 Roll Call vote:
